## To Whom It May Concern:

We are pleased to recommend the work of **Patrick Tons** and his roofing and repair company. His initial work with our insurance inspector provided expert guidance and information on replacement materials for our buildings which positively affected the assessment of the insurance company. His persistence and expertise helped gain reconsideration for overlooked hail damage. We had work done on our church campus buildings as well as our commercial property.

The work done by all crews was low impact to our daily schedule and did not interfere in a significant way. Most impressively, the work sites were maintained very well during the work schedule. They were kept clean and safe. The men were courteous and respectful at all times. They showed excellence in their craftsmanship and work ethic in general.

Overall, we felt well taken care of, the work done is excellent, and as of this date, we can say we have no leaks, but feel confident that Pat Tons roofing will back their work.

As ever His,

Robin M. Arnold  
Church Administrator
